wolfe's schizold aronard schizoff.

A medicinal diet driak manufactured solely by the
proprieter, at his distillery at Schiedam, in Holland, expressly for medicinal purposes. It is the pure tincture
of jumper, distilled from the best barley that can be
melected in Europe at any cost. It is flavored and medicated, not by the common harsh berry, but by the
choice botanical variety of the aromatic italian juniper berry, whose more vinous extract is distilled and
rectified with its spirituous solvent, and thus it becomes
a concentrated tincture of exquisite flavor and aroma,
altogether transcendant in its cordial and medicinal proporties to an alcoholic stimulant now in use in the world.

It has been submitted to nearly all the first chemists and physicians in the United States, who endorse
it over their own signatures as one of the great essentials of the materia medica. It is now prescribed with
great success in gravel, gout, rheumatism, obstructions
of hladder and kidneys and for dynamicing it

Chas. Parsons—Dear Sir: It gives us great pleasure to teatify to the great merks of your "Rat and Roach Exterminater." For years had we battled with these filthy pests, and notwithstanding we had used every means within our power or knowledge, and kept persons constantly on guard against them; and although we had alain thousands of the enemy, their reserved legions were sure to come in at the last hour and claim the victory. But by the aid of your valuable "Exterminator" we have routed the enemy—horse, foot and dragoons. THE LIQUOR QUESTION,

AT A MEETING OF THE LIQUOR DEALERS' Society, held at Odd Fellows' Hall, on the 25th instant, the following preambles and resolutions were unanimously adopted:

Whereas, a daily newspaper is deemed by this society to be indispensably necessary to promote the success of the liquer dealers in procuring the repeal of the infamous Prohibitory Liquor law by the Legislature of this State, and to protect their constitutional rights and property, and their character as a class from insult—and,

Whereas, we have the legal opinion of two eminent counsellors of law that a newspaper cannot be published by a joint stock company without every stockholder being personally liable for debts and libels, and that the only practicable way in which it can be established is to give the capital to some person or persons in whom we have condidence as a bons fide gift—and.

Whereas, R. French, in whose integrity and capacity we have the ulmost confidence, has agreed to invest tweaty thousand dollars in the enterprise, provided the Liquor Dealers in this State will raise by subscription eighty thousand dollars more, to be given to him, making, with his donation, a capital of one hundred thousand dollars, which is believed to be only sufficient to establish a paper equal to any other published on this continent—and.

Whereas, he has further agreed that, in the event of his death or his retirement from the paper from any cause whatever, the Liquor Dealers' Society of this city shall have the right to designate the party or parties to whem the paper and establishment connected thesewith shall be transferred, for a price to be specified by appraisers properly appointed for the purposs—therefore, be it

Resolved, That we, the Liquor Dealers' Society of the
City of new York, do carnestly recommend and entreat
those engaged in the business to subscribe to the said
capital of eighty thousand dollars, and that when the
payment of the subscription shall be called for, it shall
only be paid on receiving a receipt signed by the proper
signature of R. French, or by giving a check drawn to
his order—therefore.

signature of R. French, or by giving a check disorder—therefore,

be instructed to use their best endeavors to raise the
said capital through their organization, and by the sid

Whereas, the constitutionality of the Prohibitory Liquer
law can be tested only by a violation of it—therefore,
Resolved, That members of the Liquor Dealers' Socicty be requested to continue their business as heretofore untilebus are compelled to discontinue it by the
decisions of the Dighest courts of the country.
